

Five nights of Prayer

To launch Trinity's 40th anniversary celebrations, the church launched a 40-day Prayer Devotional to equip Trinitarians on a prayer journey. Trinitarians also engaged in five nights of God-encountering prayer meetings from April 26 to 30. And God-encountering it was – the tangible presence of God was felt by all who came.

I saw a jug of anointing oil, and the oil was being poured out until we were all saturated.

***Pastor Dominic Yeo**, senior pastor*

On the first night, I saw a dove resting on us as we were worshipping the Lord. I had a sense of anticipation that as we continue to tarry before Him, there would be a 'breaking out and breaking forth'. Over the week, I saw a fire hydrant bursting and men and women rushing to drink from it. On the fifth night, I saw a huge cloth over us but it split in the middle and torrents of water fell on us and soaked us. Overall, I sensed God was giving us a new spirit for the new things ahead. Awesome.

***Pastor Priscilla Leong**, district pastor*

The prayer meeting was so awesome! Worship was so anointed. Presence of God was so strong. **While praying for Trinity, I sensed in my spirit the Lord saying, "Trinity is at the threshold of new miracles, new glory and new strength... in unprecedented measures."**

***Steven Say**, IT director*

The Prayer Meeting was awesome from the start. There was such a sweet presence of God. Pastor Dom led us step by step in our prayers. Starting with moments of reflections on Jesus, we stepped up to pray and declare God's Word for our lives, workplaces, our church and the nations. My wife had a tough week; Friday is normally a time to 'shut down' for her, but she said, "I felt very revived and refreshed in the Lord!"

It was very good... I really felt God's presence. So many times, we are busy with work that we forget what God has done for us, the suffering, the condemnation and the rejection He went through. Today's message brought me back to what God has called me for.

Michelle Lim, executive secretary

The presence of God was so strong. I felt so comforted and embraced by the Spirit of God. Praying together is so important. Sometimes it is difficult to pray alone, so it is great to be in Prayer Meetings where we can pray together, pray for each other, pray for our church and pray for our nation.

Refreshing... Faith-stirring...

Lim Chee Sian, R&D engineer

I have always enjoyed attending prayer meetings. These five nights of prayer have been a blessing; I feel spiritually fed and refreshed. I truly enjoyed the time of just seeking God 'face to face' and being ministered to in His presence.

Christine Sim, public relations officer

There was a strong and different anointing. I could really feel the glory of God and I sense that we are moving into a new encounter of intimacy with Him, an encounter that will unleash His Power and Spirit. I also feel that our church will be an outstanding church in the days to come... like an eagle that is stronger, sharper and ready...

Five nights of Prayer

It was a powerful time praying for the other churches and the different nations. My wife and I felt the presence of God and were refreshed through the times of prayer.

I came with my carecell and my friends. The presence of God was very strong; it was just different from service. I felt God tugging in my spirit, leading me in my prayers.

Frank Lee, *trader*

The Word that was shared and all that we prayed for were so apt for the situation I am in. I really feel strengthened by God!

Dhinakaran, *design engineer*

It was a refreshing time of worship. It was also an affirmation of God's season for my life, through the message shared during the prayer meeting. I am very blessed by the nights of prayer.
