

It was in a 1993 youth camp that I got serious with God. In 1994, I answered the call to serve God in full-time ministry. In 1995's youth camp, adult leader Allen Loh prophesied that I would be a Worship Leader... I did not believe him. In a 1996 youth camp, Pastor Dominic prophesied that God had anointed me when I was six with a Levite's anointing. In another camp, Pastor Lorie prophesied that I would write songs to heal the nations. I wait upon God for His Will to be done in my life.

Growing up in Children's Ministry has developed in me a strong foundation for my Christian life. The lessons learnt from the Sunday school teachers really gave me 'something to fall back on' during my rebellious teenage years.

If not for the relentless belief of my IGNYTE leaders, I would never have stepped up to serve as a Spiritual Parent and subsequently, a Carecell Leader. It is a privilege to be able to make a positive impact on the lives of young people and help them find the best answer to life – God.

I Grew Up in Trinity!

I grew up in Sunday School, where I learnt many children's songs which were simple but powerful. It was through these songs of God's promises and love that pulled me through my 'valley moments'.

Youth camps were what I enjoyed the most. There, I learnt about God and Christian living. I was also blessed encountering God's presence during the times of worship. I now desire for more of His presence!

They epitomise the saying “God has no grandchildren”. The statement, attributed to evangelist Billy Graham, refers to faith not being inherited. Meet eight young adults, second-generation Christians who grew up in Trinity.

The turning point in our lives was when our father suffered a heart attack some 17 years ago. My mother told us to trust God for a miracle and we prayed every night together. We witnessed God’s miraculous healing upon him. It was like a Sunday school lesson on the miracles of Jesus brought to life! It led us to recognise the reality of God’s power and the depth of His love. Through this, we have learnt how to exercise faith in our prayers!

I first received the call to serve God in missions in the form of a dream when I was 15. I dreamt that I was ministering to a group of brown-skinned children on brown earth. Through the years of growing up in Trinity, God affirmed and confirmed my call through opening doors and having leaders and pastors speaking to me about entering full-time, in the direction of Missions.

Growing up in Trinity is a great blessing. I thank God for the many leaders who have sown into my life and made me who I am today. What I remember most are the times spent soaking and being refreshed in God’s presence, be it in worship services or camps. One message inscribed in my heart is the truth that we all have a destiny in God and that God wants to use the talents He has given us to be a blessing to others.

I joined Trinity in 1988 where I had the privilege of growing up in the solid, bible and worship-based Children’s Ministry. It was during my Youth Ministry days when God called me into Music Ministry. I remember telling God that I only had Grade 2 in piano and couldn’t even play hymns out of a songbook, but He replied that if I was willing, He would equip and use me. By God’s grace and through training in the Creative Ministries, I was able to serve Him and have been doing so for the last 19 years.
